

05. Labour Force

Due to the ongoing economic growth of Abu Dhabi, the Emirate has seen a significant increase in the labour force. The size of the labour force grew from 297,406 in 1985 to 815,311 in 2005, according to the results of the population censuses taken in those years. In 2011, the labour force was estimated to have been over 1.4 million, of which total figures for all citizens, males and females citizens are 132,000 and 94,500 and 37,500, respectively, while the corresponding figures for all non-citizens, and non-citizen males and females are 1,311,800, and 1,131,800 and 180,000, respectively. Of the total labour force 9.1% are citizens. Females make up 15.1% of the labour force.

5.3. Unemployment

The estimated unemployed population reached 40,300 people in 2011, an increase from 28,573 people in 2005. Some 38.7% of the unemployed are citizens, and 52.8% are females. The age group 20 to 24 years represents the largest portion of the unemployed at 24.3%. This finding applies to citizens and non-citizens, males and females. For the unemployed, holders of university degrees represent the largest proportion with 27.6%, followed by secondary school certificates 27.3%, whereas those with over secondary and below university (11.6%) and other educational categories represent smaller proportions. The 2011 unemployment rates among citizens, non-citizens and the total labour force were 11.8%, 1.9% and 2.8% respectively.

Figure 5.3.1. Estimates of Unemployment Rate for Citizens by Region and Gender, Mid-2011

5.4. Employment by Economic Activity

The 2011 distribution of employed population by main economic activity shows that the Construction represents the economic activity category accounting for the largest proportion of the employed population with 31.7%, followed by Activities of households as employers undifferentiated goods & services 9.7%, Realestate activities 8.2%. This pattern is very similar to that of non-citizens, while the corresponding pattern for citizens is different, with six out of every ten of employed citizens working in public administration and defense.

5.4.1. Estimated Employed Population (15 years and over) by Economic **Activity and Gender, Mid 2011**
